GENERAL SALE INFORMATION

American Shorthorn Association Genetic Condition Disclaimer: Unless an animal is listed on the American Shorthorn Association "genetic condition status list", the American Shorthorn Association makes no representation of any kind as to whether or not the animal has a genetic condition.

Terms And Conditions: Terms of the sale are cash payable to the clerk following the sale and before the cattle are removed from the premises.

Billed Accounts: All billed accounts are due within 10 days following the date of the sale.

Health: Each animal selling will be accompanied with a state approved health certificate from its state of origin. Buyers should make themselves aware of the health requirements for their respective states.

Breeding Guarantee: The Suggested Breeding Guarantee as endorsed by the American Shorthorn Association will be followed.

Registration And Transfer: All animals sell with completed pedigrees or applications for registration in the hands of the sale manager.

Announcements made from the auction block take precedence over all printed material in this catalog.

Insurance will be available for your purchases at the sale. Contact the clerk at the time of settlement for your insurance needs.

Liability: Each animal selling will be at the buyer's risk as soon as sold. Neither the owners, employees, auctioneer, sale consultants, sale manager, Cattleman's Congress, American Shorthorn Association or other affiliated personnel can be held responsible for any accidents, but will make every effort to provide for the safety and comfort of those attending.

Mailed Bids: We hope you will be able to attend. If you cannot attend, you may mail or telephone bids to the sale manager or representatives.

100% of proceeds of Lots A-H go to the Shorthorn Youth Development Fund Foundation to support the National Junior Shorthorn Show.

Shorthorn **YOUTH DEVELOPMENT** fund

LOGO ON THE 2025 NJSS PHOTO BACKDROP

Donated by the American Shorthorn Association

Don't miss out on the unique opportunity to have your logo displayed on the photo backdrop alongside our title sponsor Sullivan Supply. Only ONE additional logo will be added with the title sponsor. This does not include any sponsorship rights, it is just for advertising purposes for YOUR operation. The logo would be placed strategically to be visible in most photos taken at the NJSS photo backdrop, there is no guarantee for logo visibility in all photos based on number of people in photo and/or photo cropping. AJSA reserves the right to approve the design for the photo backdrop to fit the NJSS theme. Logo provided by buyer must be available in a neutral color to fit with backdrop and theme.

VIP PARKING AT THE 2025 NJSS IN GRAND ISLAND

Donated by the SYDF

Save your steps and park in the spot of your choice! We will only offer LIMITED VIP parking. When you arrive at junior national, stop by the office to get your VIP parking pass. We will have two areas roped off by the barns for VIP parking.

PICK OF THE STALLS #2

Donated by the American Shorthorn Association

Your state could have the second pick of the stalls at the National Junior Shorthorn Show! The buyers of this lot would get pick of the stalls (after the host state and the buyer of the first pick of the stalls). This would be for the entire state stalling. Do you want to pick your place in the barns? Get your state together to buy this lot!

DRINKING GLASSES

Donated by GUNN Brothers Cattle Co

5 hand painted Shorthorn drinking glasses.

COWHIDE BENCH

Donated by the SYDF

This one-of-a-kind cowhide bench features dark wood, Shorthorn colored hide, and silver conchos. You won't want to miss out on this unique furniture piece for your home.

OFFERING CHOICE FROM TWO CUSTOM-MADE SWEETWATER TRADING COMPANY PILLOWS

Donated by the SYDF

Enrich Your Home with Sweetwater Pillows
Featuring ASA's 150th Anniversary "America's First" work of art by C.J. Brown. Uncompromising quality. Handcrafted luxury. Beautiful imagery. Made in USA. Small family business. These traits have defined Sweetwater Trading Company™ artistic luxury leather pillows for decades. Handcrafted and made-to-order using only superior quality leather and faux leather fabrics, original artwork from the painting "America's First" is printed on genuine chamois leather giving the image a warm and beautifully aged appearance. A thin border of cognac brown faux suede leather surrounds the artwork while bold, hickory brown genuine leather frames the showpiece. Cognac brown faux suede leather comprises the welt and the back of the Sweetwater Pillows.

(A) "AMERICA'S FIRST" CUSTOM PILLOW, 17X15" HORIZONTAL

(B) "AMERICA'S FIRST" CUSTOM PILLOW, 15X17" VERTICAL

ORIGINAL SILVER JEWELRY DESIGN

Donated by Carter Kornegay

AJSA member from Oklahoma Carter Kornegay is currently a senior at Collinsville High School and plans to attend Oklahoma State University and major in Animal Science. A self-taught silversmith, Carter has been making jewelry for four years. When not showing cattle or playing volleyball and tennis, she spends most of her time in her craft room silversmithing and designing beautiful pieces like the ones pictured.

RECIP SOLUTIONS PACKAGE

Recip Solutions, Craig Gana: 402-430-2526

One pregnancy = \$3,500

Total = \$3,725

VINTAGE FAIR PUBLISHING HOUSE INC. (1315-1911) POSTER PRINT

Donated by National Shorthorn Lassie Queen, MacKenna Geeseman, MI

Vintage Fair Publishing House Inc. (1315-1911) poster print featuring a Shorthorn bull. This lovely print has been matted and framed and is ready to hang on the wall for anyone enthusiastic about Shorthorn cattle or vintage agriculture decor! It is an 18x 24 print.

Funds generated from the sale of lots I-K will help to offset the travel expenses incurred by our National Lassie Queen + Alternate National Lassie Queen to attend shows and events around the country.

SHORTHORN PLANTER

Donated by Alternate National Shorthorn Lassie Queen, Maggie Bass, KS

This charming planter features a unique design inspired by the classic Shorthorn cattle. Ideal for those who appreciate rustic, farm-inspired decor, this planter is perfect for adding a touch of countryside elegance to any home or garden.

MONTANA SILVERSMITH CUFF

Donated by Alternate National Shorthorn Lassie Queen, Maggie Bass, KS

Crafted with precision and elegance, this cuff from Montana Silversmiths embodies the beauty of Western jewelry. Featuring intricate silverwork, this piece is both timeless and contemporary, perfect for adding a touch of Western sophistication to your wardrobe. Whether for everyday wear or a special occasion, this cuff makes a stunning statement. Don't miss out on the chance to own these exceptional pieces!

Each year we take great pride in offering our best and most exciting herd bull prospect in The Summit sale at OKC. I would argue that the two most sought after bulls in the breed right now are CF Payweight, who sold in this very sale and SULL Dream Maker. IN DEMAND is sired by Payweight out of a full blood sister to Dream Maker. Neither of those two bulls are offered on the open market and each demand a commanding price when offered.

We believe IN DEMAND has the look and pedigree to be a major dominating force in the show ring and across this great breed. He is flawless in his structural design and absolutely captivating in terms of his balance and quality from the side. He is the biggest ribbed deepest sided bull we have ever raised and has more power and dimension through his lower quarter and stifle than his sire. IN DEMAND is one of the lowest birthweight most moderately framed sons of Payweight that we have had born to date. This bull also excels in an area that I feel we may lack in as a breed which is testicle size and shape and is tighter sheathed than most of the popular genetics. I feel this bull can be an asset to our breed and should to appeal to a very broad spectrum of buyers. I believe in this calf.

After offering Find Out as Lot 1 in The Summit last year, we thought it would be fitting to offer his half brother this year.

A natural calf out of our standout donor, NF Fool Me Now, Big Iron has been a stud since birth! Big Iron packs a dense muscle pattern and stout foot in an attractive, and eye catching pattern.

His sire is a low birthweight, high quality bull we raised and have had success campaigning his offspring over the years.

After securing a class win in Louisville and receiving many breeder compliments, we truly are excited about the potential of this young bull. "Big White" offspring have been much anticipated, with the splash they made in the show ring this year. Bid with confidence on Big Iron!

We have dug deep into the heart of our program to offer up a bull that we believe can make a huge contribution to the betterment of the breed. Road trip was the Grand bull at the 2024 JR Nationals, Iowa State Fair and one of the most intriguing bulls of this year. He is an outcrossed pedigree that offers tremendous growth, width and stoutness in a package that doesn't sacrifice show ring look, style and correctness.

King of Queens was named Reserve Champion Shorthorn Bull at the 2024 Illinois State Fair. 96L is one of the stoutest featured and structurally correct Eighteen Seventy Two sons that we have raised to date. His added scale and muscle expression gives him an athletic build that is evident when he is viewed on display. There is no doubt that his phenotypic and genotypic makeup will generate high performing offspring that will compete in the show ring. CCS King of Queens 96L EST represents everything that the Shorthorn breed is continuously searching for in the next up and coming A.I. sire.

Dream Maker semen is in extremely short supply. His daughters are in great demand because of his prepotent ability to generate elite show heifers. This heifer's dam, MAV Emily by Charisma, has produced Breed Champion sons and daughters at national shows. She is gentle and ready to pursue a show career.

Good haired, angular, and as feminine as they come! This June heifer is really hard to part with, but we have three direct daughters by Red Value in the herd currently. She comes from the original CF I'm Not Foolin cow who has produced four National Division winners, and 8 State Fair Division winners for our family. This is the first calf out of Ellie. This heifer has an unbelievable top rib shape, a smooth shoulder, combined with good bone and a big foot and depth of flank. This makes her a wonderful high-powered powerful show heifer prospect in the summer division. Bid with ease, knowing that you're investing in a bright future for a show heifer prospect, but an even more exquisite future donor and cow prospect!

One of the most dominant and successful cow families for us here at Cagwin Farms as of late, is the Cherri Soda cow family that stems back to the great Cherri 205. CCS Cherri Soda 529M EST is a 3/4 sib to our coveted and highly admired CCS Cherri Soda 406L donor. This is a rare opportunity to obtain genetics from this cow family that we do not often offer at public auction, that's only enhanced by the names featured on the top side of her pedigree - including the deceased Eighteen Seventy Two. 529M is one of our youngest show heifer highlights that possesses the structural integrity and unique design that are sure to give her an advantage in the show ring before she becomes your next elite breeding piece.

Sire - Waukaru Rawhide 9001

Service Sire - Bieber Checkmate K126

Examined safe to the Select Sires Red Angus bull, Bieber Checkmate K126 on 4/23/2024.

With great excitement we at Waukaru offer Waukaru Red Nan 3088 at the Summit in OKC. The Red Nan family began its career at Waukaru in the 1960's and has been an integral part of our tenure every year since. Red Nan 3088 is from a 12-year-old daughter of Top Shelf 8165, Red Nan 2181, that is expected to calve again in early spring 2025 as she has done like clockwork yearly. 2181 has been a female that we rely, now having three daughters and eight granddaughters active at Waukaru. Red Nan 3088 is a maternal sister to the high selling bull, Waukaru Freedom 0054, in "The Gathering 2021" who is working at Staplefork Ranch in California. Red Nan 3088 is sired by the high selling bull from "The Gathering 2020" who is the senior herd sire for Miller Farms, Colby Cummings, and Marda Angus all of Wisconsin. The genotypic profile of Red Nan 3088 is difficult to replicate; it takes a moment to understand how far reaching are her genetics. She lands above the top 10% of non-parents for CED while being in the top 1% for growth. Take note of her also being in the top 15% for CEM STAY and REA. This enables this unique treasure to be at or above the top 4% of all non-parents for \$BMI, \$CPI, and \$FEED. Waukaru Red Nan 3088 is a powerfully constructed, bold designed female that is beefy and broody in her build. Waukaru Red Nan 3088 did not need to live in the show barn; she has been grazing stockpiled fescue and cover crops right up until picture day. We are proud that whenever anyone studies the largest group of replacement heifers at Waukaru, with or without the data, 3088 always lands at the very top.

WAUKARU RED NAN 0031

We used Gilman's Royal Flush 63K heavily via AI for the 2024 calf crop and are impressed. This son of Cowboy Up 820F has sired a big ribbed, wide based calf crop that have genuine muscle shape and growth. Red Nan 4039 is the powerful, dense built female of the trio. Red Nan 4039 exhibits tremendous shape over her rib and loin and is stout out of her hip, yet presents herself with a long, elegant look. 4039 traces back to the dam of Lot 12 and is designed with same concepts of longevity and durability. Her impressive EPDs land her in the top 1% of the breed for growth and above the top 30% for both REA and MARB. This coupled with a top 5% for STAY and acceptable calving ease allow her to rank in the top 2% for \$BMI and \$FEED while being in the top 10% for \$CPI.

4305397

WAUKARU ADELINA 8013

Adelina 4061 is sired by the Australian import, Stry's Gigabytes N122. Gigabytes N122 helps Waukaru's pursuit to expand the use of Shorthorn genetics into challenging environments. Like her sire and paternal siblings, Adelina 4061 is big-footed and deep-heeled, but exhibits angle, reach, and flex in her skeleton. The daughters of Gigabytes N122 have proved to be valuable, with their ability to maintain flesh in challenging times, needing no intervention, and flat working to a multitude of sires. Adelina 4061 is a maternal sister to a senior herd sire Waukaru Right Design 2018 that has a big run of sire prospects here in OKC.

WAUKARU RED NAN 6096

This daughter of Stry's Gigabytes N122 has been a standout since she hit the ground. Red Nan 4071 is bold in her chest floor, explosive down her top, and big hip. She is a maternal sister to a member of the 2024 Champion Pen of Five Bulls who is now working for Wayne Krom and Family of Indiana. Her other maternal brother was a big hit of the 2022 drop who is now working for Schneider-Brown Ranch of California. Red Nan 4071 puts together a balanced, impressive set of numbers and is well above average for both marbling and ribeye. As you click back on her pedigree, Red Nan 4071 traces to the dam of Waukaru Orion 2047 who has had a major impact in Canada, Australia and the United Kingdom.

ASA Disclosure of Genetic Conditions and Performance Data

- The seller is responsible for disclosure of all known Genetic Conditions at the time of sale. The seller should display in the catalog all Genetic Conditions known to the breed at the time of cataloging. For each animal Genetic Conditions should be displayed in the same format as on the original registration paper or disclosed in a separate box or prominent place for buyers to be notified of the results (both free or carrier status) from testing for Genetic Conditions.
- The buyer assumes all risk associated with the purchase of known and unknown Genetic Conditions of carrier animals. (Provided the seller has disclosed all Shorthorn Genetic Conditions known to the seller and /or to the Shorthorn breed at the time of sale)
 - The Seller is not responsible for any new Genetic Conditions that may be determined or discovered by the ASA after the time of sale for any animal or genetic material.
 - The seller should print in the catalog all EPDs and accuracies for each EPD trait and all breed indexes on each animal selling. This information should be presented in a standardized manner as seen in sire summaries or breed EPD information released by ASA. This performance information should be the latest and most accurate data at the time the catalog is printed, providing the animal qualifies to have EPDs attached to their registered pedigree. Any other pertinent performance data such as BW, WW, YW or Carcass Data that is available should be added to the performance listing in the catalog at the seller's discretion.
 - Special logos with letter terminologies will be given to breeder's sales and / or individual lots in a sale that make it a priority to test and disclose all Genetic Conditions.
 - DSF PHAF THF** (Genetic Condition Free) - The green genetic condition with an "F" listed means it has been tested and confirmed FREE of that Genetic Condition.
 - DSC PHAC THC** (Genetic Condition Carrier) - The red genetic condition with an "C" listed means it has been tested and confirmed CARRIER of that Genetic Condition.
 - DSP PHAP THP** (Genetic Condition Potential) - The yellow genetic condition with an "P" Listed means the animal has NOT been tested but animal is a POTENTIAL CARRIER of that Genetic Condition. This animal has a tested carrier in its immediate 3-generation pedigree and is considered a potential carrier.
 - DSH PHAH THH** (Genetic Condition Potential) - The purple genetic condition with an "H" Listed means the animal has been tested and is a homozygous for this Genetic Condition.
 - Any donor dam and AI sire that does not have all the required tests that makes them Donor Dam Qualified and/or AI Sire Qualified; the resulting progeny will need to be tested for those tests missing in order to be eligible for registration at the American Shorthorn Association.

CF Mona Lisa 0121 is a daughter of SULL Mona Lisa Reward, Cates Farms most dominate & prolific donors. 0121 made her mark as 3rd Overall Champion Heifer at 2022 Junior Nationals, Champion Senior Heifer Calf Cattleman's Congress 2022 & Champion Senior Heifer Calf NAILE 2021. Combining her phenotype, exceptional fertility and productivity with the absolute hottest and most up and coming herd sire National Champion CF Payweight, is a mating to capitalize on while you can. Dominant, Proven Genetics + Champion Phenotypes = an opportunity to produce a herd changing female and elite show heifer. Recently at Cates Star Search Sale in Modoc, Payweight semen sold for \$1,000 per unit and 5 Payweight heifers averaged \$47,500. Mona Lisa 0121's dam: SULL Mona Lisa Reward x Payweight was the TOP selling lot at this sale bringing in an impressive \$105,000 and her damn's embryos x Payweight sold for \$13,200! Run, don't walk to the bank to get in on this mating.
 Buyer responsible for shipping. Guaranteed 1 pregnancy if implanted by certified embryologist.

Lady Crystal 434P is producing dominating females across the nation and Lady Crystal 1252 is no exception. 1252 is a full sister to many great donors and we feel like she is going to write her own page in the history books. Her embryos were one of the high sellers this fall at The Great Shorthorn Revival. We feel that 1252 will really click with either one of these 2 sires.

We went to the Great Shorthorn Revival this year with the main purpose of trying to buy 1914. We were ecstatic when we got that accomplished. 1914 has done a tremendous job job for Little Cedar and Enix Farms. She has produced division Champions at the National Level and then after their show career they have carried on the Margie tradition and have become outstanding cows. When we got her bought, we all agreed the first bull we would use on her was Evolution. We believe these calves should be outstanding!!

The dam of Swan 217 is a 3/4 sister to CF CSF Crystal's Swan who won OKC, NJSS, and NAILE for Houston Feree. That fact that Swan 217 did enough winning to be named runner-up Early Spring Yearling for the South Central Region this past year proves that phenotypically, she is a force of her own. We are flushing some of our donors without reverse sorting because we feel like they could knock it out of the park by producing a future herd sire or donor female, either one.

The 934 cow was no stranger to the backdrop during her show career. She was selected Grand Champion Open and Junior Shorthorn Plus at the 2020 North American International Livestock Expo and then went on to be Grand Champion Open Shorthorn Plus and Reserve Junior Shorthorn Plus at the 2021 Cattlemen's Congress. Being named Shorthorn Plus Show Heifer of the Year only added to her list of honors. Limit Up also had his fair share of backdrop photos and landed himself a Shorthorn Plus Show Bull of the Year award in 2021. These Limit Up x 934 calves have already started to win on big stages. We believe that combining these two powerhouses plus parents will surely make for some fun calves. *Embryo Location: Available at Boviteq. Shipping at buyer's expense.*

The reigning Show Bull of the Year is the ideal combination of muscle mass, rib shape, bone and structural soundness in a package that's appealing from every angle. Direct Deposit takes advantage of all the best traits of both his sire and dam. He's the new generation all-around Shorthorn BEEF BULL! Conventional semen remains off the market until 2025, so this is your chance to get ahead in the game NOW by investing in heifer semen sold exclusively at auction. *Semen Location: Central Star Cooperative, Lansing MI*

Dear SYDF Supporter,

Welcome to the pages of Both Summit National Sales, OKC and Denver. It is truly exciting that the Shorthorn Breed can support two National Sales with unbelievable quality offerings in both events! Thank you to everyone who contributes to the success of these sales.

It is amazing to me of what the Shorthorn Youth Development Fund (SYDF) has accomplished in the last four years with the single goal of supporting the National Junior Shorthorn Show and our Shorthorn Youth. None of this would be possible with you supporting the SYDF efforts that a very dedicated Board of Directors continues to organize and orchestrate throughout the course of the year. I am honored to serve on this Board with Julie McMahon-French, Nancy Grathwohl-Heter, Jerry Nickel, Kevin Wendt, Lee Miller and Montie Soules. I would also be remiss if I didn't thank Shelby Diehm, the entire American Shorthorn Association Staff, and the American Junior Shorthorn Association Board of Directors for all the hard work they put in on behalf of Shorthorns and SYDF.

Please take some time to review the SYDF lots selling both in OKC and Denver to work toward continuing our mission to support the Shorthorn Youth of America.

As always, if I can be of assistance please reach out.

Sincerely,
Jeff K. Aegerter

The Shorthorn Youth Development Fund was established in 2020 to provide financial support to develop Shorthorn Youth as cattle producers and responsible, productive citizens. The fund is dedicated to enriching the lives of youth interested in agriculture, through support of the educational & leadership activities of the American Junior Shorthorn Association.

The SYDF is a non-profit organization and resource that allows you to directly invest in the future of the breed that is your business, your lifestyle and your passion. This platform streamlines the donation process to make contributing to youth more accessible to everyone, especially those whose business directly benefits from junior and family customers.

There are many ways to donate. You can donate a lot in your sale to become part of the Royal Society Club or make an annual pledge to the Shorthorn Red, White and Roan Club. Membership level for each club is based on the actual monetary value of your donation. Club members receive recognition in many forms.

The fund accepts checks, cash and credit cards. You can even set up your contribution to be billed directly to your DigitalBeef Registry Account. No contribution is too small, and every dollar counts!

By making the commitment to pay it forward through your pledge to the SYDF, today's breeders accept responsibility of seeing to it that our youth have the opportunities they need to be the breeders of tomorrow! Contact shelby@shorthorn.org if you have any questions or would like to donate.
